ARTICLE 3

National and Most-Favoured-Nation Treatment

(1) In its territory each Contracting State shall accord to investments and returns of investors of the other Contracting State treatment not less favourable than that which it accords to investments and returns of its own investors or to investments and returns of investors of any third State.

(2) Each Contracting State shall in its territory accord to investors of the other Contracting State, as regards management, maintenance, use, enjoyment, acquisition or disposal of their investments, or any other associated activities therewith, treatment not less favourable than that which it accords to its own investors or to investors of any third State.

ARTICLE 4

Exceptions

The provisions of this Agreement relating to the granting of treatment not less favourable than that accorded to its own investors or the investors of any third State shall not be construed so as to oblige one Contracting State to extend to the investors of the other Contracting State the benefit of any treatment, preference or privilege resulting from:

- i) any existing or future customs union, an economic union or free trade area or a common external tariff area or a monetary union or similar international agreement or other forms of regional or sub-regional cooperation arrangements to which either of the Contracting States is or may become a party; or

ARTICLE 6

Nationalization or Expropriation

(1) Investments by the investors of either Contracting State shall not be subject to sequestration, confiscation or any similar measure and shall enjoy full and complete protection and safety in the territory of the other Contracting State.

(2) Neither Contracting State shall take any measure of expropriation or nationalization or freezing of assets, or any other measure having the same effect or to subject the investment to any measure direct or indirect tantamount to expropriation, the compulsory sale of all or part of an investment or the impairment or deprivation of its management or control.

In the event that payment of compensation is delayed, such compensation shall be paid in an amount which would put the investor in a position no less

favourable than the position in which he would have been had the compensation been paid immediately after the date of expropriation or nationalization. To achieve this goal the compensation shall include an interest or at such rate as prescribed by law, for the currency in which the investment is denominated from the date of nationalization or expropriation until the date of payment.

(5) When a Contracting State nationalizes or expropriates the investment of a juridical person which is established or licenced under the law in force in its territory and in which the other Contracting State or any of its investors owns shares, stocks, debentures or other rights of interest, it shall ensure that prompt, adequate and effective compensation is received and allowed to be repatriated.

The parties to the dispute may agree in writing to modify these Rules. The arbitral awards shall be final and binding on both Parties to the dispute.

ARTICLE 10

(3) The Arbitral Tribunal shall be constituted in the following way: within three months from the receipt of the written request for arbitration, each Contracting State shall appoint one arbitrator. The two arbitrators shall then select a national of a third State who, on the approval by the two Contracting States, shall act as Chairman of the Tribunal (hereinafter referred to as the Chairman). The Chairman shall be appointed within three months from the date of appointment of the other two arbitrators.

(4) If, within the period specified in Paragraph (3) of this Article either Contracting State shall not have appointed its arbitrator or the two arbitrators shall not have agreed on the Chairman, a request may be made to the President of the International Court of Justice to make the appointment. If he happens to be a national of either Contracting State or if he is otherwise prevented from discharging the said function, the Vice-President shall be invited to make the appointment. If the Vice-President also happens to be a national of either Contracting State or is prevented from discharging the said function, the member of the International Court of Justice next in seniority who is not a national of either Contracting State shall be invited to make the appointment.

(5) The Arbitral Tribunal shall reach its decision by a majority of votes. Such decision shall be binding. Each Contracting State shall bear the cost of its own arbitrator and its counsel in the arbitral proceedings; the cost of the Chairman and the remaining costs shall be borne in equal parts by both Contracting States.

Unless the contracting States decided otherwise the tribunal shall determine its own procedure.
